

CAPE Kitchen Trainee (Voluntary) – Acton, London

About CAPE

Community Activities Project Ealing (CAPE) was founded 20 years ago, to meet the needs of individuals living with mental health needs in the local community. Our founding service was a safe place in the form of a Café where people could meet and take up peer support. This service continues to this day. However, over the years we have recognised that we are working with a wide range of needs that have an impact on an individual's mental health and wellbeing, so we have developed and continue to develop a suite of services, voluntary and training positions to respond to a wide range of needs. We focus on the individual not just the diagnosis, which encourages us to recognise that each person is different and has complex needs and so our response needs to be multi-layered.
